

Extreme adds Hinowa spider lifts

October 23, 2015 | [Comments](#) (3)

UK-based rental company Extreme Powered Platforms has taken delivery of the latest Hinowa 26.14 Lightlift and Hinowa Lightlift 17.75 Lithium adding to its growing spider lift fleet. Both of these machines will be based at their West London depot in Shepperton, Surrey opened last April.

Stuart Bond, Extreme's managing director, has said "Extreme is committed to offering all of our customers a modern, wide-range of equipment along with our fantastic service covering London and Home Counties along with the South East from both our London and Sussex depots."
